Bickford's Group[®]

PASSION FOR QUALITY

Bickford's is one of Australia's oldest and most treasured brands. Founded over 175 years ago we remain an Australian family owned and managed business, with our head office and operations centre based in Adelaide.

Our proud history of premium cordials and other refreshing beverages began in 1839 in a small apothecary shop. From these humble beginnings, a truly great Australian icon has grown but our original values of integrity and quality remain true to this day.

In our state-of-the-art operations centre a team of experts craft unique and innovative cordials, juice, waters and syrups. Not only are they custodians of our traditional recipes, they continually work to excite and delight our customers with innovative and delicious beverages.

Every Bickford's product shows our commitment to excellence. Our products taste incredible, some offer functional health benefits and all contain the full flavour the world has come to expect from our iconic brand.

BOYDELL'S

— boutique wines —

Hunter Valley small batch wines.
Located in East Gresford at the foot of the
Barrington ranges with soil fed from the
pristine Allyn River in East Gresford.

Daniel and Jane Maroulis, and their four daughters,
established Boydell's in 2017.

The property, originally settled by Charles Boydell in
1826, was planted to vines in 1990. Realising an
opportunity to introduce sustainable practices to
enrich and expand their vineyards, they now produce
premium Verdelho, Chardonnay, Pinot Noir,
Shiraz and Merlot.

To increase the breadth of their range, cold climate
varietals are sourced from like-minded premium
growers in regional NSW from the Hilltops,
Tumbarumba and Orange.

A softer, fruit driven style of wines, Boydell's wines
are approachable from release and designed
with food in mind.

De BORTOLI
 FAMILY WINEMAKERS

De BORTOLI

DE BORTOLI
 WINES

The De Bortoli family story is one of determination and triumph that started 90 years ago in war-torn Europe and is now told, generations later, across Australia.

Our philosophy is that great wine begins in the vineyard and should reflect the region where the grapes that made it are grown. Achieving this must involve both the vineyard and the winery.

In the vineyard, it means thoughtful site selection, vine maturity and a move towards sustainable, biological farming practices that deliver exceptional fruit quality and real environmental benefits. It also involves an increasing embrace of single vineyard wines.

Established in 1883, Earp is one of Australia's oldest family owned and operated businesses. Earp Distilling Co was founded by brothers Michael and Richard Earp whose shared passion for the creative and experimental gave birth to a distillery reverent of history but with an eye toward the future. The goal was to create a spirit brand and distillery synonymous with quality, sustainability and adventure - and that has been achieved with Earp spirits available and admired globally.

NEXT GENERATION SPIRITS

Edgemill Group is a family owned business with over 40 years of experience in retail, wholesale and manufacturing.

Our story began way back in 1961 when Steve and Roula Stavrakoulis emigrated from Greece and were consumed by the great Australian dream of owning a home and running his own business.

In 1971, that dream materialised into a humble milk bar in the Victorian suburb of Tottenham. With his 5-year-old daughter, Penny, nipping at his heels and a new business to run, Steve convinced Roula to leave her sewing job so she could assist him in what had suddenly become a true family affair.

As the business matured, so did Steve's children – Penny had become a fine assistant to her father and Alex was starting to take notice. By 1987, it was clear that a 15-year-old Alex shared the same dreams as his father – the apprenticeship had begun. And his rise in the liquor industry was swift...

In 1989, Alex took the reigns and quickly built a reputation for his traditional customer service and astute knowledge of the liquor industry. By 1996, Alex had created the wholesale wine and spirit business, Alexander's Wine and Spirits – a venture that, like his father, started in a single room, but grew to flourish in its own right.

Today, that very business is known as Edgemill Group – a global multi-beverage wholesaler, retailer and distributor, with a proud family history.
